# **SURA ITANA**

#### Student

**Q**: 6k, Addis Ababa, Oromia.

I am a passionate and dedicated software engineering student with a strong drive to make a positive impact through innovative solutions. With a solid academic foundation and a keen interest in solving important societal problems, I actively participate in coding competitions and projects to continuously sharpen my problem-solving abilities, deliver high-quality code, and enhance my communication and collaboration skills. I am adaptable and committed to continuous learning, staying updated with the latest advancements in the field to tackle challenges with agility and creativity. By leveraging my technical skills and collaborating with like-minded individuals, I aim to address pressing issues and create meaningful change. Seeking opportunities to join a team where I can contribute my expertise and drive positive change through software development.

#### **Education**
